

## Short-Term Mission Trip to Brazil

**Dates:** December 27-31, 2022

**Trip Objective:** Minister to indigenous communities through a community building project and evangelism.

**About the Trip:** The team may take trips to a community via 4x4 pick-up or visit an indigenous community where the only transport is by plane. The team will carry out a missionary project in the village in the area of maintenance or construction, as this always opens doors with the people. The team may also present a drama and a challenge from the Word of God. A translator will be with the team, if needed.

**Helpful gifts/talents:** Those with construction skills or gifts of communication through evangelism or drama are best suited to this mission. Some fluency in Portuguese is a plus.

**Interested?** Email Lara Holt at [globaloutreach@stonehillprinceton.org](mailto:globaloutreach@stonehillprinceton.org). Official sign-ups begin in September.
